

FIRST RESPONDER
Center for Excellence

No matter what day of the week or time of day, our nation's first responders answer their call to duty without hesitation. While they train and prepare tactically for their daily responses, they must also be physically and mentally prepared for those same calls. That is why the the First Responder Center for Excellence is committed to promoting quality educational awareness and research to reduce physical, emotional, and psychological health and wellness issues for first responders.

PREPARE. PREVENT. PROTECT.™
